

NSCC25 NATIVE SPIRIT COLOR CARD + CARD WITH SUPPLEMENT 2025 COLORS New

native spirit

MAIN FEATURES

The Native Spirit color card (NSCC24) is complemented with an additional card featuring the new 2025 colors.

The Native Spirit color catalog is a practical compilation of cut fabric swatches that helps with color selection and navigating between different products.

The swatches show the shades in real life, providing an accurate impression of the products' appearance, unlike the colors seen on screens, which may often differ from reality depending on the type and settings of the monitor.
